	FWD/4x4	RWD
Max. permissible vertical loading (trailer hatch)	100	140
Towing cap. 2.000	100	140
Towing cap. 2.500	100	140
Towing cap. 3.000	120	140
Towing cap. 3.500	-	140

Roof load	Normal roof	High roof
	300	150

*) Due to different equipments the front axle load can be raised up to 2.100 kg. Therefore the min. empty weight as well as the max. payload can be influenced.

Values can vary depending on the respective country setting!

All figures in **kg**

The shown empty weight values include the driver (75kg) and a 90% filled fuel tank.
